Mr. Ronnie Stutts
President
National Rural Letter Carriers' Association
1630 Duke Street
Alexandria, VA 22314-3467

Dear Mr. Stutts:

Based on our discussions, the parties have agreed that the Rural Route Evaluated Compensation System (RRECS) will not be implemented on October 8, 2022, as originally determined. Additionally, the mini mail survey, scheduled to be conducted September 10–23, 2022, will not take place.

The parties have further agreed to work jointly, reviewing all available data and associated methodologies used for determining route evaluations; in order to move forward with an implementation date in February 2023. The February 2023 implementation of the RRECS will include conducting a mini mail survey during the last two weeks of January 2023.

If you have any questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Thomas A. Blum".
